Call for Tenure Track Position

The Department of Computer Science of the College of Natural Sciences at the University of Puerto Rico, Río Piedras Campus announces the search for candidates for three full-time tenure track faculty positions with priority in the areas of Cyber Security and Artificial Intelligence (and related areas such as Software Engineering, Mobile Computing, Systems; Machine Learning, Data Science), effective August 1, 2024.

Requirements: Applicants must: (1) possess a Ph.D. or equivalent degree in Computer Science, or very closely related discipline from an accredited university whose degrees are recognized by the University of Puerto Rico; (2) have experience in academic research; (3) have capacity for excellence in teaching at undergraduate and graduate levels; (4) have experience in disseminating knowledge through publications of their research in peer-reviewed journals and presentations at professional conferences; (5) commitment to seeking external funding; (6) be able to communicate effectively in English and/or Spanish.

Responsibilities: Teach at the undergraduate and graduate level in face-to-face and distance learning modalities during daytime, Saturday and evening hours. Conduct research and publish in peer-reviewed journals and conferences in your area of expertise. Supervise master's and doctoral dissertations in Computer Science. Develop proposals for the acquisition of external funds. Actively participate in committees and in departmental and university activities, as well as comply with all faculty responsibilities contained in the General Regulations of the UPR.

Required documents: (1) up-to-date curriculum vitae; (2) statement of purpose which describes your professional plans for teaching and research; (3) copy of the official credentials of all degrees (4) at least two recent letters of recommendation (three preferred); (5) evidence of publications and other relevant achievements.

The submitted documents should demonstrate capacity for research, and for effective teaching at the university level, in person and remotely, and, if applicable, professional experience and experience in preparing proposals or commitment to seeking external funds.

Deadline to receive documents: **May 3, 2024**.
